

## About the Institute

Motilal Nehru National Institute of Technology (MNNIT) Allahabad, established in 1961 as a Regional Engineering College, became an NIT and Deemed University in 2002, and was declared an Institute of National Importance in 2007. Initially affiliated with the University of Allahabad, MNNIT has grown into a premier institute for technical education. It offers postgraduate programs since 1966 and started its MBA program in 1996. The institute is recognized under the Quality Improvement Programme for M.Tech. and Ph.D. It has participated in major national initiatives like the Indo-UK REC Project and World Bank-funded TEQIP to enhance education quality and innovation.

## About the Department

The Electrical Engineering Department (EED) came into existence in the year 1961. With a modest beginning of introducing four year BE degree course in 1961, a post graduate programme in Electrical Machine / Power System / Control System was introduced in the year 1970-71. Currently, EED offers courses leading to a Bachelor of Technology in Electrical Engineering, Post Graduate and Ph.D programs in (i) Power System (ii) Control & Instrumentation (iii) Power Electronics & Drives and (iv) Cyber-Physical System. The vision of the Department is to produce globally competitive technical manpower with sound knowledge of theory and practice, with a commitment to serve the society and to foster cutting edge research in Electrical Engineering pertaining to the problems currently faced by the country and the world.

## Registration Details

Registration starts 13/12/2025  
Registration ends 31/12/2025

### **Registration fee is inclusive of GST and non-refundable:**

UG/PG/PhD Students Rs. 708  
Faculty/ Industry participants Rs. 1062

### **How to Register**

Step 1: Pay the registration fee using the QR code or UPI ID given here:

UPI ID: 10424975574@sbi

Step 2: Register using the Google form link given below:

<https://forms.gle/vibjiscExmH5hcX6A>

## Organizing Committee

**Patron** : Prof. Rama Shanker Verma  
Director, MNNIT Allahabad

**Chairperson** : Prof. Nitin Singh, Head, EED

**Coordinator (s)** : Dr. Saumendra Sarangi  
: Dr. Vishal Kumar Gaur

**Convener (s)** : Dr. Prashant Kumar Tiwari  
Dr. Dipayan Guha  
Dr. Kapil Chauhan

## Contact Us:

Dr. Vishal Kumar Gaur, +91-7253046186  
Dr. Saumendra Sarangi, +91-7060832284

**Email:** vkgaur@mnnit.ac.in, ssarangi@mnnit.ac.in

## One Week Workshop on Real-Time Hardware-in-Loop Simulations using Typhoon (RTHILS-2026)

January 05<sup>th</sup> – 09<sup>th</sup>, 2026

QUARBZ

## About the Workshop

This workshop introduces Hardware-in-the-Loop (HIL) simulation for real-time testing and validation of power systems and embedded controllers. It overcomes the limitations of offline simulations by enabling safe, cost-effective, and realistic evaluation of control and protection strategies, with applications in renewable energy, power electronics, and smart grids.

## Objective of Course

- Develop high-fidelity real-time models of power system and power electronic systems.
- Perform HIL testing using the HIL TI DSP-180 interface board and TI C2000 DSP processors.
- Evaluate system behavior under dynamic and fault conditions in a safe environment.
- Enable early-stage validation and debugging without physical prototypes.
- Support R&D in microgrids, renewable energy, and electric vehicles.

## Resource Persons

The workshop will feature expert lectures along with practical, hands-on HIL simulation sessions delivered by industry professionals and researchers from reputed institutions.

## Supported by

This workshop is supported by DST-FIST project (ref. No.: SR/FST/ET-1/2021/794(C))

## Organized by:

Department of Electrical Engineering  
Motilal Nehru National Institute of Technology Allahabad
